FOR IMMEDIATE RELEASE

**Attorney David Haber of the Law Office of David B. Haber, P.A. Elected  
to the Board of the University of Florida Hillel**

**MIAMI** (October 2, 2014) – Founding Partner David Haber of the Miami Law Office of David B. Haber, P.A. has been elected to the University of Florida Hillel’s Board of Directors.

For nearly 70 years the University of Florida Hillel has severed hundreds of thousands of Jewish alumni and students at the University of Florida.

“The University of Florida Hillel is thrilled to have David Haber as part of its board,” said Rabbi Adam Grossman, CEO of the University of Florida Hillel. “David’s passion for inspiring Jews to connect more deeply with Judaism, alongside his rich experience, knowledge and skill sets will no doubt help UF Hillel become the national model to emulate.”

Haber received his law degree from the University of Florida College of Law in 1984 and his undergraduate degree in Political Science from the University of Florida in 1981. He is a veteran attorney of 29 years, a successful litigator who has handled multiple complex commercial disputes throughout Florida.

“It is an honor to be a part of the University of Florida Hillel family,” said Haber, who has two sons who attend the University of Florida. “I look forward to working alongside Rabbi Grossman and our dedicated board members. Hillel is an important institution for college-aged Jewish students. At a time when they are evolving and growing exponentially as young adults, with greater freedom and independence, when so much is changing in their lives, Hillel is like a GPS setting that they can rely on to provide them with a home away from home--both spiritually and culturally. Hillel is a place that they can go to find comfort and friendship, and of course food, with others who have a common heritage. For students who can’t travel home for the Jewish holidays, Hillel is a place to share those important times with friends, and create a home away from home. Hillel also is at the cutting edge of helping students frame the dialogue on Israel and its neighbors, and other world events which are unfolding at a rapid pace. Students need the ability to discuss these world events in a peaceful productive way, in order to help understand each other. Hillel is also bringing educational programs to help the University as a whole, such as guest speakers and lecturers. I am quite pleased to be able to assist in all that Hillel provides to the entire community at UF, not just the Jewish students, but for all students.”

The University of Florida Hillel’s mission, as stated on its website, [www.ufhillel.org](http://www.ufhillel.org), “At UF Hillel we empower students to experience ‘College the Jewish Way’ by providing the extraordinary space for students to find their home, their passion, and their future. Our mission is to ensure that every Jewish student at the University of Florida graduates with the innovative tools and

relationships to build, sustain, and lead the vibrant Jewish Communities of the future.”
